**7. How much should You insure Your vehicle under a Comprehensive or Third Party, Fire and Theft Policy?**

The following are the Sum Insured values that You would need to take into consideration when insuring Your vehicle. This is to ensure Your vehicle is not over or under insured.

- **Market Value**

We refer to the Motor Vehicle Market Valuation System provided by Insurance Services Malaysia Berhad (ISM) to determine the Sum Insured of Your vehicle at the time You purchase / renew Your policy, as well as the Market Value at the time of loss. When a claim is made, the Market Value of Your vehicle would be determined by ISM and this value would be accepted as the cost of purchasing a replacement vehicle of the same make, model and age as Your vehicle at the time of loss.

- **Agreed Value**

This value is the maximum amount paid for Your vehicle, based on Your vehicle's model and year if Your vehicle is stolen or declared total loss. This value will be agreed at the commencement of Your policy and will be used as the basis of settlement. In the event of a claim as a result of theft or total loss, this value will be the sum of payout as stated in Your policy.

- **Sum Insured**

If no Market Value is available from the Insurance Services Malaysia Berhad (ISM) for Your vehicle at the time You purchase / renew Your Policy, the Market Value of Your vehicle would be determined by a Registered Adjuster. That value will be agreed to by both You and Us to be the sum insured. The Sum Insured must be sufficient to cover the cost to replace Your vehicle in the event of theft or total loss.

**8. My bank requires me to insure my vehicle with a sum that is higher than the recommended sum insured in view of my loan amount. Am I allowed to do so?**

You are allowed to insure Your vehicle at a sum insured value higher than the recommended Market Value if Your bank insisted. However, in the event of a claim, You will only be paid up to the Market Value of the vehicle at the point of loss.

**9. Can I choose to insure my vehicle at any value I find suitable? I expect the insurance company to pay me the amount have insured for my vehicle when I make a claim.**

To be safe, You should insure Your vehicle at its current market value. In the event of a claim, You will only be paid the market value of Your vehicle at the point of loss and not be paid the amount determined by You. If You over-insure Your vehicle, You are at the risk of paying higher but unnecessary premiums. If You under-insure Your vehicle, it will result in a penalty where You have to bear a portion of the loss in proportion to the Under-Insurance Rules.

#### 10. Can I choose where to send my car for repairs after an accident?

After an accident, you may send your car to any of the following motor repairer workshops:

- A repairer workshop approved by us

- We have no control on charges imposed by the Non-panel Workshop. AXA will only pay up to the equivalent sum of repair at the Panel Workshop
- You will not be able to enjoy the abovementioned value-added services and benefits supported by our Panel Workshops.
